Flanged fillers are made to fit into piping locations shorter than the minimum length of fabricated pipe. Flanged fillers may be ordered to exact length and are faced on both sides.

Beveled Flanged Fillers are also available subject to manufacturing limitations and bolt clearance problems. Prices - P.O.A.

Reducing Flanged Fillers are also available for connecting flanged piping of two different diameters. (See Compact Reducer Flanges).

Material: Cast Iron to ASTM A48 (minimum 31,000 psi).
Ductile Iron to ASTM A536 (minimum 70,000 psi).

Note: Design subject to change without notice.
